

EntreComp for transition

Co-funded by
the European Union

Welcome to the EntreComp4Transition newsletter!

By Bantani Education

Welcome to the fourth EntreComp4Transition project newsletter! EntreComp4Transition is co-funded by the European Union and implemented by a consortium of fifteen wonderful partners. Since our [last update](#) in November 2023, partners have been going full steam to deliver a fantastic training week in Extremadura – among other achievements. Read on to see what the partners have been up to.

Transforming Education in Extremadura: A journey of collaboration and innovation

In April 2024, the charming city of Badajoz in Extremadura, Spain, buzzed with excitement and innovation as it hosted the Train of Trainers piloting experience for the EntreComp4Transition project. Trainers from Italy, Belgium, Spain, Türkiye, and Austria gathered for an unforgettable three-day event filled with learning, laughter, and lasting connections. This adventure aimed to inspire and equip trainers with the tools to champion sustainability, digitalisation, and entrepreneurship in their home countries.

Prepare yourself for the twin transition

by Bantani Education

There is still time to complete the [EntreComp4Transition Self-Assessment Tool](#), ground-breaking AI tool designed to empower small and medium-sized enterprises (SMEs) on their journey towards digitalisation and sustainability. In the ever-evolving landscape of the European business market, embracing digitalisation and sustainability has become a necessity.

To aid you on this journey, we have developed a powerful Self-Assessment Tool, which is set to transform the way SMEs evaluate their maturity in digitalisation and sustainability. Are you ready to start your journey? Visit the [project website](#) to get your personalised recommendations, you can also find our more on the accompanying [news article](#).

Green At You Online Networking and Good Practice Exchange

by Bantani Education

In March, representatives of EntreComo4Transition took part in the Green at You Online Networking and Good Practice Exchange, hosted by [All Digital](#). The networking meeting gathered stakeholders in an interactive space to provide an overview of the project, to explore together how each stakeholder can benefit from and contribute to the alliance and to exchange good practices on the topic of green and digital competences and jobs. You can find out more about the event on the [project website](#).

Get to know EntreComp, DigComp and GreenComp

by Bantani Education

How much do you know about the European skills framework behind EntreComp4Transition? The project is underpinned by three innovative European skills frameworks that combined aim to bring lifelong skills to all citizens, now with the help of three interactive digital resources you can learn a little more about each one. These are great starting points for beginners on the start of their lifelong learning journey.

- EntreComp looks at entrepreneurial skills and is divided into three competence areas and 15 competences. Take a look at the [interactive activity](#) to learn more.
- DigComp looks at how to use digital technologies effectively and safely, a must in today's digital world. Take a look at the [interactive activity](#) to learn more.
- GreenComp is the framework for sustainability and provides a common ground of what sustainability as a competence entails. Take a look at the [interactive activity](#) to learn more.

Innovative Minds Unite: Crafting Solutions for Austrian SMEs

by WKO / WIFI International

Our dedicated team of ten Austrian educators participated in the EntreComp4Transition project's European pilot experience, held in Badajoz (Spain) in April 2024. The aim was to deepen their knowledge in digital, sustainability, and entrepreneurial skills. This immersive and dynamic Train-the-Trainers Workshop left the educators feeling energized, inspired, and equipped with a wealth of innovative tools and strategies to transform their classrooms and enhance student learning. The Austrian Circle not only benefited immensely from international networks and methodological expertise shared at the workshop but also remains fully engaged in ongoing efforts. Team Austria continues to actively collaborate on the further development of the transition model. Their common goal: optimised applicability for Austrian SMEs. This collaborative endeavour highlights their dedication to continuous improvement and the impactful dissemination of new knowledge and practices.

Climate Summit 2024: A Collaborative Step Towards Green and Digital Transformation

by TOBB ETU

The Climate Summit, hosted by TOBB University of Economics and Technology (TOBB ETU) took place on May 10, 2024. The event, held in collaboration with the TOBB ETU Alumni Association, TOBB ETU Student Society, the Turkish Delegation of the European Union, and the Ankara EU Center, presented a highly productive program focusing on digital and green transformation. Read more on the [project website](#).

Collaboration at EPALE Conference

by SPW Emploi-Formation

In March, on the side-lines of the conference organised by the ÉPALE platform in the framework of the European Year of Skills, our colleague Pierre Goffin had the opportunity to participate in a round table with a panel of specialists active in the field of education and training, presenting the EntreComp4Transition project.
